DESIGNER'S CHOICE

Tubs, showers and toilets

Elegant Hardware is my favorite place because they have an excellent selection, knowledgeable staff and quality merchandise. Home Expo is a close second, as it offers a wide variety of items at many different price points and merchandise is displayed for easy selection.

Tiles and mosaics

Iberia Tile in Pompano and Tamiami Tile in Delray Beach are my two favorite resources for bathroom tile. They carry a variety of manufactures and sales help in both places are extremely knowledgeable and helpful.

Lighting

Capitol Lighting is the only place in town for lighting. They carry many manufacturers including my favorites, Fine Art and Alexander John.

Hardware and fixtures

Elegant Hardware and Home Expo both offer a great selection of hardware and fixtures.

Furniture and accessories

Friedman Brothers Mirrors are the best mirror manufacturer. They can custom size a mirror to make a perfect accent for any bathroom. I prefer that vanities be custom made and by doing this each vanity fits the size and shape of a bathroom perfectly.
